

If you have been made redundant we will help you!

Trygghetsfonden TSL helps those of you made redundant due to a lack of work at a new job. We offer you support based on your specific needs, together with one of Sweden's best job coaches. In addition to getting help on the pathway to a new job, you can get support in contact with authorities such as Försäkringskassan [Social Insurance Agency]. There may also be possibilities of a severance allowance and a contribution to training.

When you meet us at Trygghetsfonden TSL, you will find out more details about what the support can mean for you. Trygghetsfonden TSL is a benefit based on an agreement between Svenskt Näringsliv [Confederation of Swedish Enterprise] and LO. The help we offer therefore does not cost you anything.

How it happens

1. You will meet a change management advisor from Trygghetsfonden TSL and will receive information about your opportunities
2. When you accept the support you will get your own coach from one of our change management companies
3. The job coach will work with you on the pathway to a new job
4. If necessary, you will also have the opportunity of getting a training contribution
5. If you are over the age of 40, you may be able to get a severance allowance (AGB)
